

## Maksa Gyula előadásainak jegyzéke

- [1] Gy. Maksa. *A functional equation with differences*. Symposium on Quasigroups and Functional Equations, Beograd, Yugoslavia, 1974.
- [2] Gy. Maksa. *Nonnegative information functions*. 16th International Symposium on Functional Equations, Leibnitz, Austria, 1978.
- [3] Gy. Maksa. *The general solution of a functional equation related to the mixed theory of information*. 2nd International Conference on Functional Equations and Inequalities, Debrecen, Hungary, 1979.
- [4] Gy. Maksa. *The role of boundedness and nonnegativity in a characterization of entropies of degree  $\alpha$* . 18th International Symposium on Functional Equations, Waterloo-Scarborough, Ontario, Canada, 1980.
- [5] Gy. Maksa. *Derivations and nonnegative information functions*. University of Waterloo, Department of Pure Mathematics, Waterloo, Ontario, Canada, 1980.
- [6] Gy. Maksa. *On the fundamental equation of information*. Universität Bern, Bern, Switzerland, 1981.
- [7] Gy. Maksa. *On the bounded solutions of a functional equation of information theory*. 19th International Symposium on Functional Equations, Nantes - La Turballe, France, 1981.
- [8] Gy. Maksa. *Some functional equations on rings of sets*. 20th International Symposium on Functional Equations, Oberwolfach, Germany, 1982.
- [9] Gy. Maksa. *On a functional equation of information theory*. 21st International Symposium on Functional Equations, Konolfingen, Switzerland, 1983.
- [10] Gy. Maksa. *On completely additive functions*. 22nd International Symposium on Functional Equations, Oberwolfach, Germany, 1984.
- [11] Gy. Maksa. *A functional equation for the Poisson kernel*. 23rd International Symposium on Functional Equations, Gargnano, Italy, 1985.
- [12] Gy. Maksa. *Nonnegative entropies*. 3rd International Symposium on Functional Equations and Inequalities, Noszvaj, Hungary, 1986.
- [13] Gy. Maksa. *On the trace of symmetric biderivations*. 2nd International Conference on Functional Equations and Inequalities, Szczawnicza, Poland, 1987.
- [14] Gy. Maksa. *On the trace of symmetric biderivations*. 25th International Symposium on Functional Equations, Hamburg-Rissen, Germany, 1985.

- [15] Gy. Maksa. *Algorithms and associativity*. 26th International Symposium on Functional Equations, Barcelona, Spain, 1988.
- [16] Gy. Maksa. *Nonnegative Information Functions*. University of Silesia, Katowice, Poland, 1988.
- [17] Gy. Maksa. *Interval filling sequences*. Technical University Lodz, Branch Bielsko-Biała, Bielsko-Biała, Poland, 1988.
- [18] Gy. Maksa. *Signed interval filling sequences*. 27th International Symposium on Functional Equations, Bielsko-Biała, Poland, 1989.
- [19] Gy. Maksa. *Some regularity properties of algorithms and additive functions with respect to them*. 28th International Symposium on Functional Equations, Graz, Austria, 1990.
- [20] Gy. Maksa. *Teljesen additív függvények és a diadikus csoport*. Aczél—Daróczy Ünnepi Ülés, Debrecen, 1991.
- [21] Gy. Maksa. *Interval filling sequences and the dyadic group*. Seminar Debrecen-Graz, Graz, Austria, 1991.
- [22] Gy. Maksa. *A remark on completely additive functions*. 3rd International Conference on Functional Equations and Inequalities, Koninki, Poland, 1991.
- [23] Gy. Maksa. *Results on  $t$ -Wright convexity*. 30th International Symposium on Functional Equations, Oberwolfach, Germany, 1992.
- [24] Gy. Maksa. *Fractals as fixed points of contractive transformations*. TEMPUS Summer School, Debrecen, Hungary, 1993.
- [25] Gy. Maksa. *On the stability of equations of sum form*. 31st International Symposium on Functional Equations, Debrecen, Hungary, 1993.
- [26] Gy. Maksa. *Aggregating evaluations of multi-attribute stimuli*. 31st International Symposium on Functional Equations, Debrecen, Hungary, 1993. (Münnich Ákossal közös)
- [27] Gy. Maksa. *On the stability of equations of sum form*. XIII. Österreichischen Mathematikerkongress, Linz, Austria, 1993.
- [28] Gy. Maksa. *Ellenpéldák a függvényegyenletek és egyenlőtlenségek köréből*. Intézeti Szeminárium, KLTE Matematikai és Informatikai Intézet, Debrecen, 1994.
- [29] Gy. Maksa. *On the generalized bisymmetry*. 32nd International Symposium on Functional Equations, Gargnano, Italy, 1994.
- [30] Gy. Maksa. *"Everything has been discovered, we just don't know it": bisymmetry and consistent aggregation*. University of Waterloo, Department of Economics, Waterloo, Ontario, Canada, 1994. (Aczél Jánossal közös)

- [31] Gy. Maksa. *Counter examples in the theory of functional equations and inequalities*. University of Waterloo, Department of Pure Mathematics, Waterloo, Ontario, Canada, 1994.
- [32] Gy. Maksa. *Particular solutions of the generalized bisymmetry equation*. 2nd Seminar Graz-Debrecen, Zamárdi, Hungary, 1995.
- [33] Gy. Maksa. *Discontinuous solutions of the generalized bisymmetry equation*. 33rd International Symposium on Functional Equations, Caldes de Malavella, Spain, 1995.
- [34] Gy. Maksa. *Systems containing bisymmetry equation*. 5th International Conference on Functional Equations and Inequalities, Muszyna, Poland, 1995.
- [35] Gy. Maksa. *Generalization of a system of functional equations for choice probabilities*. University of Massachusetts, Department of Mathematics and Statistics, Amherst, Massachusetts, USA, 1995.
- [36] Gy. Maksa. *A system of functional equations for choice probabilities*. 34th International Symposium on Functional Equations, Wisla-Jawornik, Poland, 1996.
- [37] Gy. Maksa. *A road to aggregation and generalized bisymmetry without surjectivity*. University of Waterloo, Department of Pure Mathematics, Waterloo, Ontario, Canada, 1996.
- [38] Gy. Maksa. *The stability of a sum form functional equation arising in information theory*. 6th International Conference on Functional Equations and Inequalities, Muszyna-Zlockie, Poland, 1997.
- [39] Gy. Maksa. *Solution of generalized bisymmetry type equations without surjectivity assumptions*. 35th International Symposium on Functional Equations, Graz, Mariatrost, Austria, 1997.
- [40] Gy. Maksa. *Quasiums and a generalized Pexider equation*. 36th International Symposium on Functional Equations, Brno, Czech Republic, 1998.
- [41] Gy. Maksa. *Functions whose certain differences belong to a given class*. Numbers, Functions, Equations '98, International Conference dedicated to the 60th birthday of Professors Zoltán Daróczy and Imre Káta, Noszvaj, Hungary, 1998.
- [42] Gy. Maksa. *Az  $f(x) = f(xy) + f(g^{-1}(g(x) + g(y)))$  egyenletről. II*. Analízis Miniszeminárium, Matematikai és Informatikai Intézet, Kossuth Lajos Tudományegyetem, Debrecen, 1999.
- [43] Gy. Maksa. *On a functional equation arising from a characterization of rank dependent expected utility II*. 37th International Symposium on Functional Equations, Huntington, West Virginia, USA, 1999.
- [44] Gy. Maksa. *On a problem of Matkowski*. 7th International Conference on Functional Equations and Inequalities, Złockie Muszyna, Poland, 1999.

- [45] Gy. Maksa. *Biszimmetria egyenletek*. Magyar Tudományos Akadémia, Budapest, 2000.
- [46] Gy. Maksa. *On the generalized associativity equation*. 38th International Symposium on Functional Equations, Noszvaj, Hungary, 2000.
- [47] Gy. Maksa. *Functional equations I–II–III*. University of Amsterdam, Amsterdam, The Netherlands, 2000.
- [48] Gy. Maksa. *Biszimmetria egyenletek*. Habilitációs előadás, Matematikai és Informatikai Intézet, Debreceni Egyetem, Debrecen, 2000.
- [49] Gy. Maksa. *Hyperstability of a class of linear functional equations*. 1st Katowice–Debrecen Winter Seminar on Functional Equations, Cieszyn, Poland, 2001.
- [50] Gy. Maksa. *Megjegyzések kétváltozós közepekről*. 8. Síkfőkúti Analízis Szeminárium, Matematikai és Informatikai Intézet, Debreceni Egyetem, Debrecen, 2001.
- [51] Gy. Maksa. *Hyperstability of a class of linear functional equations*. 39th International Symposium on Functional Equations, Sandbjerg, Denmark, 2001.
- [52] Gy. Maksa. *Functional equations of sum form*. 3rd Analysis Miniseminar (Dedicated to László Losonczy's 60th birthday), Institute of Mathematics and Informatics, University of Debrecen, Debrecen, 2001.
- [53] Gy. Maksa. *Az  $|f(x) + f(y)| \leq |f(x + y)|$  egyenlőtlenségről*. Függvényegyenletek konferencia, Matematikai Intézet, Miskolci Egyetem, Miskolc, 2001.
- [54] Gy. Maksa. *A remark on two variable means*. 2nd Debrecen–Katowice Winter Seminar on Functional Equations and Inequalities, Hajdúszoboszló, 2002.
- [55] Gy. Maksa. *Jensen's equation and bisymmetry*. 40th International Symposium on Functional Equations, Gronów, Poland, 2002.
- [56] Gy. Maksa. *On two variable means weighted by weight functions*. (Special Session Talk), 40th International Symposium on Functional Equations, Gronów, Poland, 2002.
- [57] Gy. Maksa. *Wright-convexity of higher order*. 3rd Katowice–Debrecen Winter Seminar on Functional Equations and Inequalities, Będlewo, Poland, 2003.
- [58] Gy. Maksa. *Kvázi-összegek és alkalmazásaik*. A Matematikai és Informatikai Intézet Szemináriuma, Debrecen, 2003.
- [59] Gy. Maksa. *An introduction to the theory of functional equations*. Formal Modeling in the Behavioural Sciences, Erasmus Intensive Program, Debrecen, Hungary, 2003.

- [60] Gy. Maksa. *Local quasi-sums are quasi-sums*. 41st International Symposium on Functional Equations, Noszvaj, Hungary, 2003.
- [61] Gy. Maksa. *Equations of associativity type*. 4th Debrecen–Katowice Winter Seminar on Functional Equations and Inequalities, Mátraháza, Hungary, 2004.
- [62] Gy. Maksa. *Konzisztens aggregáció*. „Matematikai módszerek a közgazdaságtanban” tudományos ülés, Debreceni Egyetem Matematikai Intézet és Közgazdaságtudományi Kar, Debrecen, 2004.
- [63] Gy. Maksa. *Hosszú Miklós néhány eredményéről*. 10. Síkfőkúti Analízis Szeminárium, Hosszú Miklós Emlékülés, Matematikai Intézet, Debreceni Egyetem, Debrecen, 2004.
- [64] Gy. Maksa. *Cauchy differences that are quasiums*. 42nd International Symposium on Functional Equations, Opawa, Czech Republic, 2004.
- [65] Gy. Maksa. *Cauchy-differenciák, amelyek kváziösszegek is*. Magyar Tudományos Akadémia, Budapest, 2004.
- [66] Gy. Maksa. *Az általánosított asszociativitás függvényegyenlete*. 400 év matematika (BIG 5 × 80) születésnap konferencia, Magyar Tudományos Akadémia, Budapest, 2004.
- [67] Gy. Maksa. *On a functional equation arising in probability theory*. 5th Katowice–Debrecen Winter Seminar on Functional Equations and Inequalities, Będlewo, Poland, 2005.
- [68] Gy. Maksa. *Unified way for solving functional equations of associative type*. 43rd International Symposium on Functional Equations, Batz-sur-Mer, France, 2005.
- [69] Gy. Maksa. *A súlyozott kvázi-aritmetikai középértékek jellemzése*. A Matematikai Intézet és az Informatikai Kar közös Szeminárium, Debrecen, 2005.
- [70] Gy. Maksa. *Asszociativitási és biszimmetria egyenletek*. Előadás az MTA doktora címre benyújtott értekezés nyilvános vitáján, Magyar Tudományos Akadémia, Budapest, 2006.
- [71] Gy. Maksa. *Quasi-sums in several variables*. 6th Debrecen–Katowice Winter Seminar on Functional Equations and Inequalities, Berekfürdő, Hungary, 2006.
- [72] Gy. Maksa. *On the equality problem of two-variable quasi-arithmetic means with variable weights*. 2nd International Student Conference of Analysis, Noszvaj, Hungary, 2006.
- [73] Gy. Maksa. *Középértékeket tartalmazó függvényegyenletek*. Magyar Tudományos Akadémia, Budapest, 2006.
- [74] Gy. Maksa. *On Wright convexity of higher order*. 44th International Symposium on Functional Equations, Louisville, Kentucky, USA, 2006.

- [75] Gy. Maksa. *Stability of a functional equation of information theory*. 7th Katowice–Debrecen Winter Seminar on Functional Equations and Inequalities, Będlewo, Poland, 2007.
- [76] Gy. Maksa. *Stability results on the entropy of degree  $\alpha$  for  $0 < \alpha \neq 1$* . 45th International Symposium on Functional Equations, Bielsko-Biała, Poland, 2007.
- [77] Gy. Maksa. *A decomposition of Wright convex functions of higher order*. Conference on Inequalities and Applications '07, Noszvaj, Hungary, 2007.
- [78] Gy. Maksa. *Hyperstability of a functional equation*. 8th Debrecen–Katowice Winter Seminar on Functional Equations and Inequalities, Poroszló, Hungary, 2008.
- [79] Gy. Maksa. *Difference properties of higher order on interval*, Numbers, Functions, Equations '08, De La Motte Castle, Noszvaj, Hungary, 2008.
- [80] Gy. Maksa. *Recent results on the stability of a functional equation of information theory*, 46th International Symposium on Functional Equations, Opava, Czech Republic, 2008.
- [81] Gy. Maksa. *Wright convexity of higher order*, 9th International Symposium on Generalized Convexity and Generalized Monotonicity, Kaohsiung, Taiwan, 2008.
- [82] Gy. Maksa. *Nonnegative information functions*, Hausdorff Research Institute for Mathematics, Bonn, Germany, 2008.
- [83] Gy. Maksa. *Remarks to the comparison of weighted quasi-arithmetic means*, 9th Katowice–Debrecen Winter Seminar on Functional Equations and Inequalities, Będlewo, Poland, 2009.
- [84] Gy. Maksa. *Milyen az a halmaz, amelyen az összes nemnegatív információfüggvény megegyezik a Shannon-félével? Az Analízis Tanszék Síkfőkúti Szemináriuma*, Matematikai Intézet, Debreceni Egyetem, Debrecen, 2009.
- [85] Gy. Maksa. *Nonnegative information functions revisited*, 13th International Conference on Functional Equations and Inequalities, Mała Ciche, Poland, 2009.
- [86] Gy. Maksa. *Egy alternatív függvényegyenlet és hatásai*, Miskolci Függvényegyenletek Nap Vincze Endre emlékére, Matematikai Intézet, Miskolci Egyetem, Miskolc, 2009.
- [87] Gy. Maksa. *Függvényegyenletekre vezető problémák*, Matematika és Informatika Didaktikai Konferencia, Debrecen, 2010.
- [88] Gy. Maksa. *Bisymmetric equations*, International Students' Conference on Analysis, Síkfőkút, Hungary, 2010.
- [89] Gy. Maksa. *Remarks on the associativity*, 10th Debrecen–Katowice Winter Seminar on Functional Equations and Inequalities, Zamárdi, Hungary, 2010.

- [90] Gy. Maksa. *Nemnegatív normanégyszet függvények*, Az Analízis Tanszék Síkfőkúti Szemináriuma, Matematikai Intézet, Debreceni Egyetem, Debrecen, 2010.
- [91] Gy. Maksa. *The equivalence of two functional equations involving means*, 48th International Symposium on Functional Equations, Batz-sur-Mer, France, 2010.
- [92] Gy. Maksa. *On Wright convexity of higher order*, 24th European Conference on Operational Research, Lisbon, Portugal, 2010.
- [93] Gy. Maksa. *Wright convexity of higher order*, János Bolyai Memorial Conference on the occasion of the 150th anniversary of his death, Budapest–Marosvásárhely, Hungary-Romania, 2010.
- [94] Gy. Maksa. *Függvényegyenletekre vezető problémák*, A Debreceni Egyetem Műszaki Kara Műszaki Alaptárgyi Tanszékének Síkfőkúti Szemináriuma, 2010.
- [95] Gy. Maksa. *The equality case in some recent convexity inequalities*, Conference on Inequalities and Applications' 10, Hajdúszoboszló, Hungary, 2010.
- [96] Gy. Maksa. *An application of Wigner's theorem in solving some functional equations*, 11th Katowice – Debrecen Winter Seminar on Functional Equations and Inequalities, Wisła – Malinka, Poland, 2011.
- [97] Gy. Maksa. *On a family of affine functions*, The 7th International Student's Conference on Analysis, Wisła, Poland, 2011.
- [98] Gy. Maksa. *Összeg alakú függvényegyenletek*, Konferencia Losonczi László 70. születésnapja alkalmából, DAB Székház, Debrecen, 2011.
- [99] Gy. Maksa. *Izometriák és a Jensen egyenlet*, Az Analízis Tanszék Síkfőkúti Szemináriuma, Matematikai Intézet, Debreceni Egyetem, Debrecen, 2011.
- [100] Gy. Maksa. *Derivations*, (survey talk), 49th International Symposium on Functional Equations, Graz-Mariatrost, Austria, 2011.
- [101] Gy. Maksa. *Information functions revisited*, Talk in the Seminar of Faculty of Mathematics, Computer Science and Econometrics of the University of Zielona Góra, Poland, 2012.
- [102] Gy. Maksa. *A functional equation involving comparable weighted quasi-arithmetic means*, 12th Debrecen–Katowice Winter Seminar on Functional Equations and Inequalities, Hotel Aurum, Hajdúszoboszló, Hungary, 2012.
- [103] Gy. Maksa. *A characterization of Matkowski's means*, 50th International Symposium on Functional Equations, Hajdúszoboszló, Hungary, 2012.
- [104] Gy. Maksa. *Comparison of weighted quasi-arithmetic means*, The International Conference on Mathematical Inequalities and Nonlinear Functional Analysis with Applications, Gyeongsang National University, Jinju, Korea, 2012.

- [105] Gy. Maksa. *Remarks on real derivations*, 13th Katowice – Debrecen Winter Seminar on Functional Equations and Inequalities, Zakopane, Poland, 2013.
- [106] Gy. Maksa. *On a problem related to nonnegative information functions*, The 9th International Student’s Conference on Analysis, Ustroń, Poland, 2013.
- [107] Gy. Maksa. *Biszimmetria egyenletek és néhány alkalmazásuk*, Miskolci Egyetem, Matematikai Intézet, Intézeti Szeminárium, 2013.
- [108] Gy. Maksa. *Additive functions which differentiate elementary functions in some sense*, The 15th International Conference on Functional Equations and Inequalities, Ustroń, Poland, 2013.
- [109] Gy. Maksa. *On subgroups of the multiplicative group of the positive real numbers associated to information functions*, The 51st International Symposium on Functional Equations, Rzeszów, Poland, 2013.
- [110] Gy. Maksa. *Some remarks and problems related to real derivations*, Numbers, Functions, Equations 2013, Visegrád, Hungary, 2013.
- [111] Gy. Maksa. *On multiplicative Cauchy differences that are Hosszú differences*, 14th Debrecen–Katowice Winter Seminar on Functional Equations and Inequalities, Hotel Aurum, Hajdúszoboszló, Hungary, 2014.
