

College Geometry

2021/2022 spring

College geometry seminars are held every week on Tuesday at 8:00 in room B104 and on Wednesday at 12:00 in room B104.

Assessment

Students will write two tests of on the following dates and topics:

- **29-3-2021** at 8:00 Triangles, area, medians. Inscribed and circumscribed circles, quadrilaterals, regular polygons.
- **4-5-2021** at 12:00 Coordinate geometry: distance, lines, circles, tangent lines, circumscribed circle.

Each of these tests contain 6 questions. Sample tests will be available prior to the above dates. The maximal number of points in each test is 30. The grades are calculated upon the total number of points achieved in the two tests as follows:

- 0-29: 1
- 30-36: 2
- 37-44: 3
- 45-51: 4
- 52-60: 5

Every student may retake the first test on **10-5-2021** at 8:00 in room B104 and the second test on **11-5-2021** at 12:00 in room B104.
